PROFILE SUMMARY

Passionate and results-driven Software Engineer with a strong foundation in Computer Science and hands-on experience in C, C++, Python, JavaScript, and cloud technologies (Azure). Skilled in problem-solving, designing scalable software solutions, and implementing engineering best practices. Adept at working in collaborative, cross-functional teams and contributing to innovative projects that drive business value. Eager to leverage Microsoft's growth mindset culture to develop impactful solutions and advance technological excellence.

EDUCATION

2020 - 2021

HSC MAHARASHTRA BOARD

2021 - 2025

DEOGIRI INSTITUTE OF ENGINEERING
OF MANAGEMENT STUDIES

(DBAT UNIVERSITY)

- B.Tech in Electronics & Telecommunication Engineering
- GPA: 6.79 / 10.0

SKILLS

- Programming Languages: C, C++, Java Script, Python
- Web Technologies: HTML, CSS.
- Databases: PostgreSQL, SQL Server, NoSQL
- Cloud Platforms: Microsoft Azure Cloud.
- Software Development Principles: Object-Oriented Programming (OOP), Data Structures & Algorithms, Agile.

PROJECTS

- To-Do List Application
- Chatbot
- File Organizer
- URL Shortener
- E-Commerce Backend System
- Blog Website

CERTIFICATIONS

- HTML & CSS through IBM
- C Language Course
- C++ Language Course
- Python through Infosys Springboard
- PostgreSQL through Infosys Springboard
- Data Analysis through ExcelR
- Microsoft Azure

LANGUAGES

- English: Fluent
- Hindi : Fluent
- Marathi: Fluent

SOFT SKILLS

- Problem-Solving
- Team Collaboration
- Communication
- Analytical Thinking
- Time Management
- Adaptability and eagerness to learn new technologies.

TECHNICAL SKILLS

- Python
- Cloud Computing
- PostgreSQL
- Azure Cloud
- Backend Development
- Object-Oriented Programming (OOPs)
- Data Structures and Algorithms (DSA)
